Gearwrench®, the Evolution of Innovation in Professional Hand Tools.

Gearwrench® revolutionized the hand tool industry with the original patented 5 degree ratcheting wrench, and continues to introduce products that uniquely address the challenges faced in the automotive industry. Gearwrench® works side-by-side with technicians to learn about frustrations firsthand, developing innovative hand tools that solve every day problems. One of these innovative features on wrenches is Surface Drive Plus™, providing a stronger grip on fasteners, reducing fastener rounding and delivering up to 25% more torque.

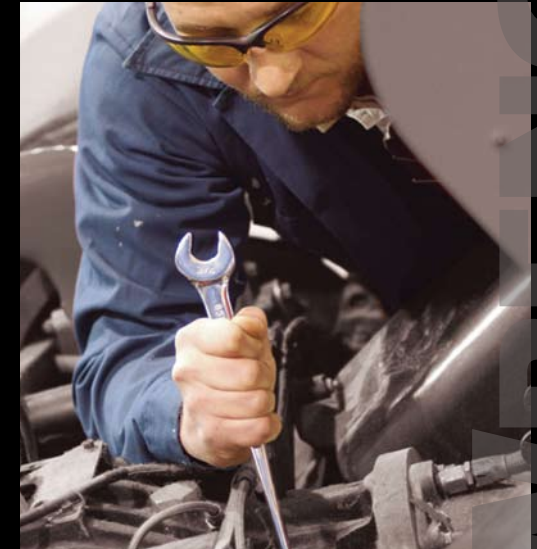

Gearwrench® hand tools... improve productivity with increased torque, leverage and the ability to work in tight spaces.
